SUPPLEMENTAL
60-DAY NOTICE OF VIOLATION IN COMPLIANCE WITH CALIFORNIA
HEALTH & SAFETY CODE §25249.7(d)

TO: SUPPLEMENTED DISTRIBUTION LIST ATTACHED
FROM: CHRISSY DEUBLER

Please consider this Notice as a supplementation to my earlier 60-Day Notice of Violation dated December 7, 2006. This Notice is intended to merely supplement the Notice dated December 7, 2006 with newly identified and additional nail polish products that violate California Health & Safety Code §25249.6 ('Proposition 65').

I. INTRODUCTION

My name is Chrissy Deubler. I am a citizen of the State of California acting in the interest of the general public I seek to promote awareness of exposures to toxic chemicals in products sold in California and, if possible, to improve human health by reducing hazardous substances contained in such items. This Notice is provided to the parties listed above pursuant to Proposition 65. As noted above, notice is being provided to the violators on the newly supplemented Exhibit A (the "Violators"). The violations covered by this Notice consist of the product exposure, routes of exposures, and types of harm potentially resulting from exposure to the following toxic chemicals ("listed chemicals"):

<u>Product Exposure:</u>	See Section VI. Exhibit A
<u>Listed Chemicals:</u>	Di-n-butyl phthalate (DBP), also known as dibutyl phthalate
<u>Routes of Exposure:</u>	Dermal and Inhalation
<u>Types of Harm:</u>	Birth Defects and Other Reproductive Harm

II. NATURE OF ALLEGED VIOLATION (PRODUCT EXPOSURE)

The specific type or types of products (hereafter the “products”) that are causing consumer and occupational exposures in violation of Proposition 65 (and that are covered by this Notice) are listed on Exhibit A in section V below. The Violators’ sales of these nail products have been occurring from at least from December 2, 2006 to the present. As a result of the sales of these products, exposures to the listed chemicals have been occurring without clear and reasonable warnings as required by Proposition 65. Without proper warnings regarding the toxic effects of exposures to the listed chemicals produced by the products, California citizens lack the information necessary to make informed decisions on whether and how to eliminate (or reduce) the risk of exposure to the toxic chemicals from reasonably foreseeable use of the products.

A. Consumer Product Exposure

California consumers, through the act of buying, acquiring or utilizing the products, are exposed to the listed chemicals- by way of example but not limitation, its intended use as a nail polish. Simply stated, the application of nail polish will cause consumers to be exposed through dermal and inhalation routes of exposure. People likely to be exposed include both children and adults.

The products identified in Exhibit A can be distinguished from other nail polishes for which no violation is alleged. Specifically, there is a number of consumer nail polishes available throughout the marketplace that state in the ingredient section “DBP Free” or something similar. Accordingly, my research and investigation indicates the products listed in Exhibit A, and other products yet to be identified, are currently in violation of Proposition 65. I reserve the right to supplement this Notice of Violation with other alleged violators as my research and investigation continue.

IV. CONTACT INFORMATION

Please direct all questions concerning this notice to my counsel at the following address:

John H. Donboli
JL Sean Slattery
Del Mar Law Group, LLP
322 8th Street, Suite 101
Del Mar, CA 92014
Telephone: (858) 793.6244
Facsimile: (858) 793.6005

V. PROPOSITION 65 INFORMATION

For general information concerning the provisions of Proposition 65, please feel free to contact the Office of Environmental Health Hazard Assessments ("OEHHA") Proposition 65 Implementation Office at (916) 445-6900. For the Violators' reference, I have attached a copy of "Proposition 65: A Summary" which has been prepared by OEHHA.

The specifically identified example of the type of products subject to this Notice are for the recipients benefit to assist in its investigation of, among other things, the magnitude of potential exposure to the listed chemicals from other items within the product category listed in Exhibit A. It is important to note that this example is not meant to be an exhaustive or comprehensive identification of each specific offending product of the type listed under Products in Exhibit A. Further, it is this citizen's position that the alleged violator is obligated to continue to conduct a good faith investigation into other specific products within the type or category described above that may have been manufactured, distributed, sold, stored (or otherwise within the notice recipient's control) during the relevant period so as to ensure that the requisite toxic warnings are provided to California citizens prior to purchase.

CERTIFICATE OF MERIT
Health and Safety Code Section 25249 7(d)

I, JL Sean Slattery, hereby declare:

1. This Certificate of Merit accompanies the attached sixty day notice in which it is alleged the parties identified in the notice have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warning.
2. I am the attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemicals that are the subject of this action.
4. Based on the information obtained through those consultants and on all other information, in my opinion, there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including information identified in Health and Safety Code §25249.7(h)(2) (i.e., (1) the identity of the persons consulted with and relied on by the certifier and (2) the facts, studies or other data reviewed by those persons.)
